## Issues in Defense Governance Workshop

June 14, 2014

The Defense Institution Building Management Team (DMT) sponsored a multilateral workshop from June 9-13 in Ljubljana, Slovenia. Experts from the Center for Civil Military Relations / Prevention, Relief and Recovery Program provided a forum for Central and Eastern European defense officials to discuss and apply new approaches to defense challenges. The aim of the interactive workshop was for participants to begin developing a roadmap to change in their respective defense institutions. Topics included conceptual differences between legacy and modern defense principles, the role of defense planning, intercultural understanding, and organizational culture.
